December 2004, Vol. **118**, pp. 1015–1022

SUBJECT INDEX

abscess
infratemporal, maxillary sinusitis 377
parotid 388
peritonsillar, and corticosteroids 439, 459
retropharyngeal, child 919
accessory nerve palsy
with glomus jugulare tumour 234
Accident and Emergency
outcomes, ENT vs A&E epistaxis, packed patients 12
acoustic neuroma *see* schwannoma
adduction arytenopexy
vocal fold paralysis 508
adenoma, pleomorphic
parotid gland 724
adrenal cortical hormones
infectious mononucleosis 362
sarcoidosis of hard palate 385
adrenal gland hypofunction
corticosteroids, toxicity tests 866
air conduction
auditory brainstem responses, infants 117
air cyst
tracheostomy 730
air-conditioning
characteristics of human nose 87
airway management
subglottic stenosis, Wegener s granulomatosis 786
airway obstruction
cervical haematoma 471
pharyngeal polyp 727
thyroid malignancy 462
tracheal stenting vs tracheostomy 462
alternative therapy
ear candles 1
ambulatory monitoring
pH 845
anaesthesia
hypotension, sudden hearing loss 941
aneurysm
carotid artery 150
nerve paralysis 150
false, carotid artery 991
angiofibroma
juvenile, consumptive coagulopathy 835
angiography
vascular diseases 193
***Angiostrongylus* eosinophilic meningitis** 57
sensorineural hearing loss 57
anhidrotic ectodermal dysplasia
as atropic rhinitis 556
anterior rhinoscopy 366
anti-inflammatory effect
erythromycin, histamine-induced otitis media with effusion, in guinea pigs 97
antibiotics
necrotizing fasciitis 771
penicillin, and sudden hearing loss 143
peritonsillar abscess 439
prophylaxis, clean neck dissections 213
anticoagulant therapy
hearing loss 872
antiretrovirals
HIV infection, head and neck cancer 207
antrochoanal polyp
obstructive sleep apnoea, in children 453
arteriovenous malformation
external auditory meatus 912
aspiration
branchial cyst 946
stoma button 888
total laryngectomy vs tracheoesophageal diversion 15
atropic rhinitis
anhidrotic ectodermal dysplasia 556
audiogram analysis
hearing loss associated with 35delG mutation in connexin-26 (GJB2) 8
audit
Comparative Audit Group meeting 478
Management of Sore Throats and Indications for Tonsillectomy 357
specialist registrars, audit of repair of tympanic membrane 409
auditory brainstem responses
automated 112
bone conduction, infants 117
auditory canal, external
exostoses in swimmers 348
foreign body 977
and tympanic membrane, Sweet s syndrome 48
auditory canal, internal
abnormal direction 902
cavernous angioma 368
auditory meatus, external
arteriovenous malformation 912
exostoses, canalplasty 607
aural polyps
expression of FGFR 338
auricular pseudocyst
tropics 185
autoimmune disease
hearing loss 909

ball valve nasal obstruction
following incomplete inferior turbinectomy 146
barium
radiography of deglutition disorders 522
baroparesis
secondary to middle-ear over-pressure, complication of scuba diving 721
betamethasone sodium phosphate
and mometasone furoate 866
biopsy *see* needle biopsy
bioterrorism
tularemia 257
Bondy radical mastoidectomy 333
bone conduction
auditory brainstem responses, infants 117
bone destruction
3-D computed tomography, cholesteatoma 827
bone wires
nasal septal surgery 543
bone-anchored hearing aid
bony overgrowth 643
bone-covered hidden structures
transfrontal approaches 849
botulinum toxin
resolution of laryngeal granulomas 781
bow-shaped tracheal rings
endotracheal intubation 732
brainstem
auditory evoked potentials 112, 117
branchial cyst
aspiration 946
branchial pouch anomalies 19
branchial region
congenital midline cleft 566
British Association for Paediatric Otorhinolaryngology (BAPO) meeting 71

calvarial tuberculosis
complication of mastoiditis 65
canalplasty
severe external auditory meatus exostoses 607
capillary haemangioma 655
carotid artery
aneurysm, hypoglossal and glossopharyngeal nerve paralysis 150
pseudoaneurysm, complicating pharyngolaryngectomy 991
cautery
silver nitrate 713
cavernous angioma
internal auditory canal 368
cell cycle regulatory proteins
P16, cyclin D1 and retinoblastoma protein, laryngeal carcinoma tissue 676

central venous catheterization
vocal fold paralysis 237
centralized hospital procedures
head and neck cancer 528
cerebrospinal fluid
otorrhoea via oval window, recurrent meningitis 717
cerumen
ear candles 1
recurrent otitis externa, and open mastoidectomy cavities 260
cervical haematoma
intrathoracic pathology 471
cervical necrotizing fasciitis 771
facial nerve paralysis 573
cervical vertebrae
quadriplegia following re-puncture of tracheo-oesophageal fistula 734
cervicocephalic arterial dissection
pulsatile tinnitus 193
chemoradiotherapy
residual nasopharyngeal carcinoma 951
child abuse
subcutaneous emphysema of neck 468
children
branchial pouch anomalies 19
dermoid cyst 996
retropharyngeal abscess 919
retropharyngeal lymphadenopathy 983
sinusitis, infratemporal fossa abscess 377
sleep apnoea
antrochoanal polyp 453
polysomnography 275
sudden hearing loss 450
vocal fold paralysis, assessment by laryngeal ultrasound 429
choanal atresia
bilateral 244
cholesteatoma
3-D computed tomography assessment of bone destruction 827
Bondy radical mastoidectomy 333
FGFR expression in aural polyps 338
keratinizing stratified squamous epithelium 757
long-term outcome 612
residual, pulsatile tinnitus 165
chondrosarcoma
temporal bone 551
chorda tympani nerve
submandibular glands, scintigraphic changes 102
chronic suppurative otitis media *see* otitis media with effusion
ciliary count
chronic suppurative otitis media, mucosal vs squamous types, SEM and image analysis 343
clear cell carcinoma
hard palate 382
clinics *see* health care delivery
coagulopathy
complicating juvenile angiofibroma 835
juvenile angiofibroma 835
cochlear implantation
chronic otitis media 3
complications 417
navigation 764
Paget s disease 810
potential electrode extrusion 804
semicircular canal occlusion, benign paroxysmal positional vertigo and otosclerosis 302
subdural haematoma 980
cochlear modiolus
mid-modiolar area and modiolar volume 496
collagen type I
osteoporosis and otosclerosis in women 617
comorbidity
laryngeal cancer 517
computed tomography
3-D 827
assessment of bone destruction in cholesteatoma 827
helical, multislice, Zulu and European crania, maxillary sinuses 877
X-ray 59, 106, 305
computer-assisted image processing
ciliary count 343
computer-assisted surgery *see* navigation
concha bullosa
and middle meatal adhesions, posterior pedicle flap 799
congenital laryngeal abnormalities 648
congenital midline cervical cleft 566
connexin-26 (GJB2)
35delG mutation, hearing loss 8
consumptive coagulopathy
complicating juvenile angiofibroma 835
corticosteroids
peritonsillar abscess 439
infectious mononucleosis 459
toxicity tests 866
cost-effective analysis
concurrent surgeries 31
conventional vs nurse-led clinics, common otological procedures 189, 796
CO_2 laser
obstructive ectopic lingual thyroids 807
crania
helical, multislice CT 877
cranial nerve injuries
aneurysm 150
glomus jugulare tumour 234
craniopharyngioma
excised via Denker s medial maxillectomy approach 895
creatine kinase
in laryngectomized patient, hypothyroid myopathy 651
cricohyoidoepiglottopexy
quality of life issues 284
supracricoid laryngectomy 671
cricohyoidopexy 671, 791
Cuba
recurrent respiratory papillomatosis, interferon alpha-2b 681
cutaneous mastoid fistula 893
cutaneous meningioma 228
post-traumatic 228
cyclin D1
and retinoblastoma protein, laryngeal carcinoma tissue 676
cysts
air cysts 730
branchial, aspiration 946
thyroglossal duct cysts 240, 996
tracheostomy 730
see also pseudocyst
cytokines
FGFR expression in aural polyps 338
Meniere s disease 688
cytology
head and neck lesions 294

dacrocystorhinostomy 267, 426, 628
data collection
flexible nasopharyngolaryngoscopy 972
decompensation
caused by comorbidity, laryngeal squamous cancer 517
deglutition disorders
radiography 522
tetanus 974
dendritic cell sarcoma
hypopharynx 317
Denker's medial maxillectomy
infrasellar craniopharyngioma 895
dermoid cyst
adults 955
children 996
disseminated intravascular coagulation
Kasabach Merritt syndrome 835
diving
facial baroparesis secondary to middle-ear over-pressure 721
dual-probe 24-hour ambulatory pH-monitoring
laryngopharyngeal reflux 845
dysphagia
and trismus, tetanus 974
dysphonia
rapid-access clinic, detection of epithelial hyperplastic laryngeal lesions 633

ear canal *see* auditory canal, external
ear candles 1
ear, external
acquired deformities 185
granuloma annulare 640
pseudocyst 185
economics
cost and morbidity of MRSA in head and neck cancer 694
cost-effective analysis, conventional vs nurse-led clinics 189, 796
education/training
attitudes to daily otolaryngology ward round 963
current undergraduate, in UK 217
myringoplasty audit 409
see also patient education

electrodes
extrusion, otalgia 804
electrodiagnosis
wave form reliability 421
electromyography
tongue, and hypoglossal nerve function 289
electron microscopy *see* scanning electron microscopy
electronic nose
diagnosis of ENT infection 706
emergency service
epistaxis 12
emphysema
of neck, child abuse 468
endoscopic surgery
dacryocystorhinostomy 267, 426, 628
dacryocystitis due to atrophic rhinitis 426
nasal procedures 267
foreign bodies 882
paranasal sinus mucocele 352
radiological posterior transverse cordotomy for bilateral median fold immobility 202
residual nasopharyngeal carcinoma, after chemoradiotherapy 951
stapling of pharyngeal pouch 601
transpalatal, residual nasopharyngeal carcinoma 951
see also foreign bodies
endotracheal intubation
bow-shaped tracheal rings 732
difficult, goitre 778
energy dispersive X-ray spectrometry
extruded Polycel ossicular prostheses 840
enophthalmos
silent sinus syndrome 310
eosinophilic meningitis
sensorineural hearing loss 57
epidemiology
vestibular schwannoma 622
epidural abscess
cervical vertebrae, quadriplegia 734
epistaxis
in A&E, comparison of outcomes for ENT and A&E packed patients 12
infrasellar craniopharyngioma, excised via Denker s medial maxillectomy approach 895
post-transplant lymphoproliferative disorder 906
posterior nasal cautery, silver nitrate 713
recurrent, glomus tumour 153
surgical mask protection of healthcare workers 46
swallowed nasal pack 372
epithelia
hyperplasia of vocal fold, microsurgical pressing excision technique 223
hyperplastic laryngeal lesions, rapid-access dysphonia clinic 633
middle-ear cavity, cholesteatoma 757
Epstein—Barr virus infection
head and neck cancer 207
infectious mononucleosis 362, 459, 983
erythromycin
histamine-induced otitis media with effusion, in guinea pigs 97
ethnic groups
crania
helical, multislice computed tomography 877
helical, multislice CT 877
supracricoid partial laryngectomy, quality of life issues 284
eustachian tube
narghile smokers 818
evoked potentials, auditory
air conduction, infants 117
vector algorithm, neonatal hearing 112
Ewing's sarcoma
larynx, extraskeletal 62
exostoses
Australian surfboard riders 348
canalplasty 607
external auditory meatus *see* auditory meatus
extracranial internal carotid artery aneurysm
hypoglossal and glossopharyngeal nerve paralysis 150
eyelid metastases
sebaceous carcinoma of nose 374

facial baroparesis
secondary to middle-ear over-pressure, complication of scuba diving 721
facial electroneuronography
wave form reliability 421
facial nerve
paralysis, cervical necrotizing fasciitis 573
positional relationship with temporal bone 106
and temporal bone 106
fasciitis *see* necrotizing fasciitis
fatigue
creatine kinase levels, hypothyroid myopathy 651
fibroblast growth factor receptor
expression in aural polyps, predictor of cholesteatoma 338
fibroepithelial pharyngeal polyp 727
fibrovascular proliferative tissue
haemangiosarcoma 999
fine needle aspiration cytology
head and neck lesions 294
fluorouracil
vocal fold paralysis 237
follicular dendritic cell sarcoma
hypopharynx 317
foreign bodies
flexible nasendoscope, impacted upper oesophageal food bolus 882
penetrating parotid gland, and external ear 977
self-extrusion, upper digestive tract to skin 242
swallowed nasal pack, epistaxis 372
using radiologically guided balloon catheter 825
fractures/surgery
frontal sinus 927
laryngeal 325
nasal 543
orbital, post-traumatic cutaneous meningioma 228
Francisella tularensis
possible sign of bioterrorism 257
frontal sinus
fractures 927
mucocele, Lothrop procedure 352
navigation 849
obliteration 637
Riedel s procedure 700
stent, ureteric pigtail stent 299
fungal laryngitis
immunocompetent patients 379
Fusobacterium necrophorum
otitis media 50

Garnett Passe and Rodney Williams Memorial Lecture
vestibular dysfunction 589
gastroesophageal reflux
ambulatory pH-monitoring 845
and dysphonia 650
management 25
persistent upper respiratory symptoms 857
gastrointestinal stromal tumour
pharynx 315
genetics
collagen type I, osteoporosis and otosclerosis 617
connexin-26 (GJB2), 35delG mutation, hearing loss 8
gentamicin
chronic suppurative otitis media with MRSA otorrhoea 645
inner ear perfusion in Meniere s disease 489
globus pharyngeus
radiography 522
smooth muscle tumour 885
glomus tumour
with isolated accessory nerve palsy 234
presenting with recurrent epistaxis 153
glossopharyngeal nerve paralysis
aneurysm of carotid artery 150
goitre
difficult intubation, tracheomalacia 778
granulation tissue
laser surgery 999
granuloma
laryngeal, botulinum toxin 781
teflon-induced 822
granuloma annulare
as multiple nodules on pinna 640
guinea pigs
histamine-induced otitis media with effusion, anti-inflammatory effect of erythromycin 97

haemangioma
hypopharyngeal, Nd: YAG laser 814
internal auditory canal 368
tracheal 655
haemangiosarcoma
fibrovascular proliferative tissue 999

haematuma
cervical, intrathoracic pathology 471
retropharyngeal space swelling 465
